Saving
Solution

The speed advantage

We've revved up the performance on our new KODAK Picture Kiosk G4XE Order Station for our fastest speed ever¹. Quickly uploads and manages larger image files in a snap. Keep your queues moving and customers happy. You can deliver more premium products, faster.*

- **Up to 70% Faster** - To create a KODAK Picture Movie DVD*
- **Up to 44% Faster** - To create standard order of 4x6 prints*

Save energy. Save money.

Enhancing sustainability is just smart business. Our G4XE Solutions bump up the performance while reducing power consumption.

- **Less Power** - Uses up to 25% less power²
- **Reduced CO₂ Emissions** - 157 Kg CO₂ /Kiosk per year³
- **What's the impact?** - For every KODAK G3 Kiosk replaced with a G4XE this year, CO₂ emissions are reduced. How does that equate to the impact of using gasoline? G4XE saves the equivalent CO₂ emissions as burning 6 litres of petrol.⁴
- **Saves you money** - Save \$26/Kiosk per year.⁵ Every cost reduction matters. Managing a fleet? That's a tidy sum. Right to your bottom line.

Smart software. Powerful influence.

Every KODAK G4XE Kiosk ships with our proven, intuitive software to help deliver incremental, premium sales. Our kiosks may rival your most valuable employee for savvy selling techniques and results. Latest merchandising enhancements include:

- **Intelligent Cross Selling tools** - Uses real consumer photos from their order to create instant, on-screen, sample products. Very impressive results.
- **Fresh Attract Loops & visuals** - Designed to draw and inspire a crowd - selling every minute you're open for business!
